Mr. Kunihisa Tomita  
President  
ANEST IWATA, USA, Inc.  
9920 Windisch Road  
West Chester, OH 45069-3804

SUBJECT: IWATA's W400-LV Paint Spray Gun

Dear Mr. Tomita:

The Kern County Air Pollution Control District (District) is in receipt of your technical data and brochures for IWATA's W400-LV Paint Spray Gun. Your letter stated the subject gun (W400-LV) is designed for automotive refinishing, and you would like to market the W400-LV in the District (pending District approval).

Based on the Environmental Technology Verification Report for the ANEST IWATA Corporation W400-LV spray gun prepared for the United Environmental Protection Agency (EPA), the W400-LV would achieve the minimum 65% transfer efficiency. Therefore, based on the submitted report, the W400-LV would comply with District Rules 410.4 (Surface Coating of Metal Parts and Products) and 410.4A (Motor Vehicle and Mobile Equipment Refinishing Operations), and can be utilized for surface coating operations within the District.

Thank you for your submittal. The District shall retain all submitted information for our records. Should you have any questions, please telephone Glen Stephens of our office at (661) 862-5250.

Sincerely,

A handwritten signature in black ink, appearing to read "DLJ", is written over a faint, illegible typed name.

David L. Jones  
Air Pollution Control Officer
