- Center post - gravity feed 600, 700, 1000 ml cup or Mix & Spray re-usable / disposable gravity cup system
- 6.9" to 13.4" pattern

### LPH400 LVB Spray Gun

#### Excellent Metallic Control

Combining the LPH400 LV with our Super Basecoat Air Cap to obtain improved control on refinish paints that contain fine metallic and pearls that standard set-ups face difficulties with such as mottling, blotching, streaking, floating, etc.

- LPH400 LVB: (HVLP Gun) 1.3, 1.4, 1.5 mm needle/nozzle combinations
- Center post - gravity feed 600, 700, 1000 ml cup or Mix & Spray re-usable / disposable gravity cup system

# iwata AIRBRUSHES

## Revolution

### Quality, Performance and Value

Start off airbrushing with the industry leader - Iwata. Made for users at all levels, the Revolution Series features top-of-the-line airbrushes at a great value. With breakthrough technology and performance, these airbrushes outperform all others in their price range.

## Eclipse

### Ultimate Versatility, Reliability and Performance

These multi-purpose, high paint flow / high detail airbrushes cover a wide range of uses. Commonly used to spray premixed or heavier paints, the Eclipse series is well suited for uses demanding precise control of spray when applying moderate to large amounts of paint to a variety of surfaces and to various sized areas.

## High Performance Plus Series

### High-Precision, High-Detail Work

Long noted as the professional workhorse, the HP Plus Series fulfills a wide range of needs for those who require outstanding control, superior atomization and fine, consistent detail when spraying small amounts of paint in small to medium-sized areas. A great solution for fine detail spraying.

## Hi-Line Series

### Hi-Control of Hi-Precision Work

Featuring the ultimate in air control directly at the nozzle with Iwata's new Micro Air Control (MAC) Valve Technology, the Hi-Line Series doesn't just change air pressure instantly - it changes the way you airbrush. Designed for those who need extreme control of detailed spraying.

## Custom Micron

### Absolute Precision for the Elite Professional

For the elite professional, these airbrushes are indeed the best of the best for fine detail spraying. They feature a custom-matched head system which is hand-fitted and adjusted yielding the finest spray patterns in the world. Serious airbrush users only.
